

## Pets Guides Pack B (Young Explorer: Pets Guides)

Titles in the Pets Guides series teach young readers how to care responsibly for their chosen pet. However, in a unique spin, each book is written from the point of view of one of the animals themselves, thus also allowing the books to be used to teach perspective. Topics covered within the books include choosing a pet, getting the right supplies, how to make your new pet feel at home, feeding, exercising and cleaning, best practices when handling your pet, and trips to the vet.
