

The Hitched Chicks Guide to Modern Marriage: Essential Advice for Staying Single-minded and Happily Married

The marriage revolution is at hand--its going on right now, led by a new generation of married women who crave independence and adventure just as much as they crave commitment. With her fifteen years of experience at top womens magazines, Mandi Norwood hosts the perfect girls night out, revealing married womens most intimate confessions from more than one hundred in-depth interviews.

Sometimes hilarious, often tender, and always empowering, this smart, sexy, candid guide offers from-the-heart, savvy, and practical advice about every aspect of modern marriage from power, controlling money, and omigod-the-mother-in-law, to brazen behavior in bed. Its something entirely different--sexier, more independent and definitely more complicated. The balance of power has not just shifted, its off its axis entirely. Mandi Norwood has tapped into the new beast that is modern marriage to deliver straight talk about what really happens: at the dinner table, over the checkbook and in the bedroom. In over one hundred interviews with these new-fashioned wives-hitched chicks-Norwood learned not just what women in marriages today want but how they get it. She found an energetic, adventurous generation whose intimate confessions add up to a hilarious and very candid night out with the girls. High-voltage advice right out of Pandoras Box.-Lauren Stover, author of THE BOMBSHELL MANUAL OF STYLE As soon as he slips the ring on your finger, find this book and read it cover to cover.
