

Santa I Moved!

Have you ever wondered as a child what would happen if you moved to a new house just before Christmas? How would Santa Know? What would happen to your presents? That is the question a little boy wonders very nervously in this childrens book SANTA I MOVED! He is also curious about the Tooth Fairy and the Easter Bunny finding him after he moves. Its a fun look at the What if? that many children may wonder after moving to a new home or even being away from home for the holidays. Each question is presented with a large picture that would appeal to young readers. The questions may also encourage fun interaction with the story.
